RE: Issuance of National Pollutant Discharge Elimination System Permit WA0991010  
– Town of Spangle

Dear Mayor Melissa Holling:

National Pollutant Discharge Elimination System (NPDES) permit WA0991010 is enclosed. This NPDES permit satisfies the requirements of both federal and state laws. The Department of Ecology (Ecology) issues this permit in accordance with Chapter 90.48 RCW, as amended, and the Federal Water Pollution Control Act, as amended.

Ecology published a legal notice of draft permit on October 17, 2024 in the Spokesman Review to inform the public that a draft permit was available for review.

### **Permit Fees**

The Department of Ecology, in response to the passage of Initiative 97 in 1988, has adopted a regulation to recover costs associated with issuing and administering wastewater discharge permits (Chapter 173-224 WAC).

Ecology calculates the annual fee for both industrial and municipal/domestic discharges according to the permit fee schedules contained in WAC 173-224-040. We notify permit holders of fee charges by mailed billing statements. Failure to pay the applicable permit fee may result in the suspension or revocation of the permit and could result in the issuance of civil penalties or actions to enjoin the activity under the permit.
