Re: No Further Action on Notice of Violation Docket #23432

Dear Micheal Clea:

Ecology issued Port Townsend Paper Corporation (PTPC) Notice of Violation Docket #23432 on January 21, 2025. Ecology issued the Notice of Violation in response to PTPC's exceedance of a daily maximum total suspended solids limit at Outfall 001 that occurred on August 19, 2024.

PTPC provided a written response to the violation on February 20, 2025. Ecology reviewed your written response and has determined that PTPC took appropriate corrective actions in response to the exceedance. Ecology does not plan to take further action in regards to the violation.
