

NOTICE: ANNOUNCEMENT OF AVAILABILITY OF DRAFT PERMIT

PERMIT NO.: WA0020559

APPLICANT: CITY OF PATEROS

FACILITY: PATEROS PUBLICLY OWNED TREATMENT WORKS (POTW)

The City of Pateros (Pateros) has applied for renewal of National Pollutant Discharge Elimination System (NPDES) Permit No. WA0020559 for Pateros POTW in accordance with the provisions of Chapter 90.48 Revised Code of Washington (RCW) and Chapter 173-220 Washington Administrative Code (WAC), and the Federal Clean Water Act.

Pateros presently owns or operates a wastewater treatment plant which is designed to handle an average/maximum daily flow of 0.125 million gallons per day. The wastewater, following treatment, must meet the requirements of the Washington State Water Pollution Control Act and applicable regulations for a permit to be issued.

Following evaluation of the application and other available information, a draft permit has been developed which would allow the discharge of treated domestic wastewater from 190 Lakeshore Drive, Pateros to the Columbia River. All discharges to be in compliance with the Department of Ecology's Water Quality Standards for a permit to be issued.

A tentative determination has been made on the effluent limitations and special permit conditions that will prevent and control pollution. A final determination will not be made until all timely comments received in response to this notice have been evaluated.

PUBLIC COMMENT AND INFORMATION

The draft permit and fact sheet may be viewed at the Department of Ecology (Department) website: <https://apps.ecology.wa.gov/paris/FacilitySummary.aspx?FacilityId=3794675>.
