

Errata Spokane River and Lake Spokane Dissolved Oxygen Total Maximum Daily Load Water Quality Improvement Project

Tables 3 and 4

- (a) During the process of converting the document from WORD to Acrobat PDF, the page footer overlaid the bottom row of the first part of Table 3 (page 23).
- (b) During the process of converting the document from WORD to Acrobat PDF, the numbers in the “Human” column, “TP” section moved left into the “Natural” column of the “TP” section of Table 4 (page 31).

This Errata identifies errors only in the two cited tables. They were found only in the PDF version – the original WORD version is correct. **These errors were corrected in the online version of the document, www.ecy.wa.gov/biblio/0710073.html.**

The errors do not affect the conclusions and recommendations of the TMDL water quality improvement report.
