## Comment period: July 17 – August 31, 2017

The Department of Ecology invites you to comment on the proposed renewal of the Millennium Bulk Terminals, Longview L.L.C. National Pollutant Discharge Elimination System wastewater permit.

This comment period is *not* an opportunity to comment on the proposed coal export terminal.

## Changes to the permit

Proposed changes to the permit include:

- Management and treatment of remediation water from the cleanup of contamination from the former Reynolds Metals aluminum smelter.
- New permit limits and monitoring requirements for the process wastewater and stormwater from the existing bulk material storage and transport activities at this facility.

Read pages 1 and 2 of the permit's fact sheet for a detailed list of changes.

## Public event

A public meeting, followed by a public hearing to accept oral comments, will take place:

- August 17, 2017
- Starting at 6 p.m.
- At the Cowlitz County Event Center, 1900 7th Ave, in Longview.

## Commenting

Effective comments tell us if we correctly applied current laws, rules and regulations to this action. They:

- Are specific. Tell us the page number and section of the permit or permit condition you think should change.

## Where to send comments:

### Submit comments online:

<http://wt.ecology.commentinput.com/?id=x2eGj>

### Send written comments to:

Judy Schwieters  
Dept. of Ecology  
Industrial Section  
P.O. Box 47600  
Olympia, WA 98504-7600  
Fax: (360) 407-6102

- Are focused. Tell us the page number and section of the permit, permit conditions or requirements that you're referring to.
- Relate to the potential impacts to water quality from this action. Where possible, describe the state or federal rules and regulations you think have not been applied correctly.

When the comment period ends, we will review all comments received and make appropriate changes before finalizing the documents.

### Facility information

Located at 4029 Industrial Way, Longview, Millennium stores and transports bulk materials. It sends ("discharges") wastewater to the Columbia River and City of Longview Consolidated Diking Improvement District (CDIC) Ditches No. 10 and 14.

### En Español

El Departamento de Ecología le invita a comentar sobre la renovación del permiso de aguas residuales del Sistema Nacional para la Eliminación de Descargas de Contaminantes dado a Millennium Bulk Terminals LLC. Este periodo de comentario público no es una oportunidad para comentar sobre la terminal de exportación de carbón propuesta para esta propiedad.

Cambios propuestos al permiso incluyen el manejo y el tratamiento de agua descontaminada de la limpieza de la contaminación causada por la fundidora de aluminio Reynolds Metals, nuevos límites para el permiso y nuevos requisitos de monitoreo para las aguas residuales del proceso y pluviales de las actividades de almacenamiento a granel de materia y su transporte.

El periodo de comentario es del 17 de julio al 31 de agosto de 2017. Para asistencia en español, por favor comuníquese con Gustavo Ordonez al (360) 407-6619.
