

Boeing Auburn Fabrication Site Cleanup

Sitio de Fabricación de Boeing Auburn

January 2019 | Publication number: 19-04-002 | Facility Site ID #5049

YOU'RE INVITED

Join us for an informational drop-in session

Ecology is hosting two informational sessions this February to answer any questions about groundwater contamination from the Boeing Auburn Fabrication Site under Algona and Auburn. If you are new to the area or haven't heard about the project, come meet staff from Ecology and the Algona Public Awareness Coalition to learn about the cleanup process.

Thursday, Feb 7

At the **Auburn Library**
1102 Auburn Way South
Stop by any time
from **1 p.m. to 3 p.m.** and **5 p.m. to 8 p.m.**

Wednesday, Feb 27

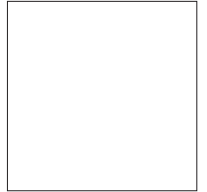

At the **Algona City Hall**
402 Warde Street
Stop by any time
from **1 p.m. to 3 p.m.** and **5 p.m. to 8 p.m.**

Únase a nosotros para una reunión informativa

Este febrero, Ecología está llevando a cabo dos reuniones informativas para contestar cualquier pregunta acerca de la contaminación del agua subterránea en Algona y Auburn proveniente del sitio de fabricación de Boeing Auburn. Si usted es un recién llegado al área o no ha escuchado del proyecto, venga a conocer al personal de Ecología y la Coalición de Conciencia Pública de Algona para aprender sobre el proceso de limpieza ambiental. Para solicitar un intérprete para este evento, llame al 253-219-7645.

Department of Ecology
3190 160th Ave SE
Bellevue, WA 98008

Boeing Auburn Fabrication Site

In parts of Auburn and Algona, groundwater, or water that flows under the ground through soil, is contaminated with chemicals from the Boeing Auburn Fabrication Facility. The Department of Ecology is overseeing Boeing's investigation of the contamination and will review and select a plan for cleanup.
