Comment period: August 9 – September 9, 2019

We invite you to comment on the following proposed Air Operating Permit (AOP) modification for Packaging Corporation of America (formerly Boise White Paper).

Changes to the Permit

Changes to the permit include:

- A change in ownership at the facility.
- Incorporating permit conditions related to the previously permitted (Prevention of Significant Deterioration Permit 18-01 and Notice of Construction Order No.15783) increase in daily capacity of Paper Machine #3 and the No. 2 M&D Digester.
- Incorporating updates to the National Emission Standards for Hazardous Air Pollutants (NESHAPS) in 40 CFR Part 63 Subpart MM.
- Some other administrative changes.

As long as all applicable requirements are met, these increases are allowed under air quality standards.

Commenting

Effective comments tell us if we correctly applied current laws, rules, and regulations to this action.

Effective comments:

- Relate to the potential impacts from this action.
- Are focused. Refer to the conditions and requirements in the permit.
- Are specific. Tell us what your concern is and how you think the permit should change.
- Describe the state or federal rules and regulations you think have not be applied correctly.

You may request a public hearing to ask questions and submit verbal comments. To request a hearing, contact:

Angie Fritz
Industrial Section
P.O. Box 47600
Olympia, WA 98504-7600
angela.fritz@ecy.wa.gov

Your request must include your interest in the permits and reasons why a hearing should be held.

If we determine there is significant public interest during this comment period to hold a hearing, we will extend the comment period to allow at least 30 days notice and publish the time, date and location of the hearing.

When the comment period ends, we will review the comments received and make a final decision, which may include changes to the order.

Facility information

Located at 13831 US Highway 12 in Wallula, this facility is a kraft paperboard mill and corrugated container plant. It's capable of making about 1,800 tons of paper product and approximately 5 million square feet of corrugated boxes each day.

Se está llevando a cabo un periodo de comentario. Usted puede revisar y comentar sobre los borradores de los documentos del permiso. Estos describen los requisitos ambientales con los que debe cumplir una instalación industrial. Comuníquese con Angie Fritz al 360-407-7393 o angela.fritz@ecy.wa.gov para obtener más información. Para información en Español, por favor envíe un correo electrónico a preguntas@ecy.wa.gov o comuníquese con Gustavo Ordóñez al 360-407-6619.
