## Comment period: August 27 – September 27, 2019

We invite you to comment on the draft National Pollutant Discharge Elimination System (NPDES) water quality permit for Solvay Chemicals in Longview.

## Changes to the permit

Solvay currently discharges wastewater to the Nippon Dynawave (Nippon) pulp and paper mill under State Waste Discharge Permit ST0006070. Nippon then discharges treated wastewater to the Columbia River.

Proposed changes to the permit include:

- Changing the permit to NPDES permit WA0991024 for a new discharge to CDID No 1 Ditch 5.
- Begin discharging wastewater to the Three Rivers Regional Wastewater treatment plant instead of Nippon.
