

List of Certified Water Right Examiners

Certified water right examiners are hired by water right permit and change authorization holders to conduct a proof examination so that they may receive a water right certificate for their fully developed water right. If Ecology has instructed you to hire a certified water right examiner, you may select anyone on this list serving your county to perform your proof examination.

Water Resources Program
Revised July 9, 2024

If you have printed this list, remember that the most current [List of Certified Water Right Examiners](#) is available online.¹
