

Final Fee Schedule for Wastewater Operator Certification Fiscal Years 2022 and 2023

By law, Ecology must fund the Wastewater Operator Certification (OpCert) Program with fees. These fees are subject to change, dependent upon a budget and workload analysis completed every biennium. On March 31, 2021, Ecology published a draft fee schedule for comment. Ecology responded to the comments and is now publishing the Final Wastewater Operator Certification Program Fee Schedule. Ecology made no changes from the draft fee schedule published on March 31, 2021.

Based on the estimated administrative costs of the OpCert program and the projected account balance, Ecology will maintain wastewater operator certification fees at their current level.
