

# OUR TEAM

Our engineers, chemists, toxicologists, and environmental specialists are trained to help Washington businesses develop and implement pollution prevention solutions that:

Reduce their overall environmental footprint.

Lower operating costs.

Improve worker safety and public health.

# POLLUTION PREVENTION TECHNICAL ASSISTANCE FOR YOU

# HOW WE HELP

# OUR SERVICES

# FUNDING

To support your efforts, we can:

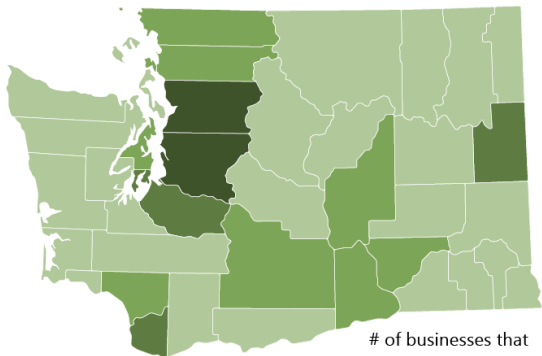

- Help you develop and use your Pollution Prevention (P2) Plan.
- Provide non-enforcement technical assistance tailored to your needs.
- Connect you to financial incentives, training opportunities, and expert guidance.

Technical support

- Technical assistance site visits to your business free of charge.
- Over the phone consultation or email support.
- Guidance on identifying and implementing opportunities in your P2 Plan.
- Compliance assistance with the Dangerous Waste Regulations.
- Monitoring and data collection.

Our program may have funding to support projects for businesses interested in:

- Researching or purchasing safer alternatives.
- Purchasing new equipment.
- Pollution Prevention Grant opportunities.
