Information is subject to change. Auction Notices are posted no later than 60 days before the auction date and contain auction-specific information including deadlines, price, and allowance supply information. The Auction Summary Report released after each auction closes includes information regarding the settlement price, total allowances offered and sold, summary statistics, and a list of all bidders who were qualified to participate in an auction, regardless of actual participation.

Ecology intends to offer the entire supply of vintage 2024 state-owned allowances across four quarterly auctions in 2024. The supply of current vintage allowances at each auction will depend on the quantity of allowances consigned by utilities, no later than 75 days prior to each auction date. Supply information will be posted in each Auction Notice, and source of allowances described in the Public Proceeds Report.
