APCR Auction Summary

This document is the official notification (APCR Auction Notice) for the October 2, 2024, APCR auction of greenhouse gas allowances from the Allowance Price Containment Reserve.

This auction will be referred to as “APCR Auction #3 October 2024” or “APCR Auction #3” in the Compliance Instrument Tracking System Service (CITSS) and on the Auction Platform. APCR Auction #3 will offer allowances from the APCR for sale at a single, fixed-price tier.

Ecology holds separate APCR auctions at least once each year before the annual compliance deadline. APCR auctions follow similar procedures as quarterly auctions. During the auction, bidders can submit bids for the number of lots of allowances they wish to purchase at the Tier 1 price. There are no entity purchase limits and allowances won are deposited directly into entity compliance accounts. Allowance won at APCR auctions cannot be transferred or sold on the secondary market. APCR allowances are valid for 2023 entity compliance obligations.

APCR Auction #3 is scheduled to take place on Wednesday, October 2, 2024, from 10:00 AM Pacific Time until 1:00 PM Pacific Time.

APCR Auction #3 will be conducted through Washington’s internet-based Auction Platform. The Auction Platform can be accessed at www.wci-auction.org.

Procedures for Conducting the Auction

This auction will be conducted through the electronic, internet-based Auction Platform that bidders use to submit bids in a single-round, sealed-bid auction format.

Each participating entity must submit an APCR auction application in CITSS. Financial Services Delivery Instructions will be available from CITSS, and all final bid guarantees must be received by the Financial Services Administrator no later than the date and time listed in the auction schedule (above). A single bid guarantee must cover the value of bids placed. Ecology will approve or reject applications to participate in an auction at least two (2) business days before the scheduled auction date. Procedures for conducting APCR auctions are described in Chapter 173-446-370 WAC.

Form and Manner for Submitting Bids

Auction participants will be able to submit bids manually in the Auction Platform during the bidding window. Bid quantities can only be submitted in multiples of 1,000 allowances, i.e. 1 bid lot equals 1,000 allowances. During the 3-hour bidding window, bidders may only bid on Tier 1 allowances. Bidders may submit multiple bids for lots at the Tier 1 price, but it is not necessary to do so. Submitting a single bid for the quantity of lots of allowances desired for purchase is acceptable.

The form and manner for submitting bids are described in further detail in the Detailed Auction Requirements document, with specific examples provided in the APCR Auction Examples document posted on the WCI Auction Platform.

Auction Participant Training Materials

Participant resources are available on the [Auctions Training and Resources webpage](#), including the Auction Participant Training presentation for Washington entities and Auction Examples. Frequently Asked Questions (FAQs) and Resources also available from the Auction Platform (wci-auction.org).
