

DEPARTMENT OF
ECOLOGY
State of Washington

Post Consumer Recycled Content Producer Registration

Washington's plastics law, Chapter 70A.245 RCW, requires producers of many common single-use plastics to include a minimum amount of recycled content in their products. Producers that offer for sale, sell, or distribute covered products in or into Washington are required to register and report by April 1 of each year. Fill out the form below and submit it to Ecology by April 1 to complete your reporting.

PART 1: IDENTIFYING INFORMATION

Producer Name (company name): _____

Federal Tax ID (EIN): *An employer identification number (EIN), also known as a Federal Tax Identification Number. Your EIN is assigned by the IRS and is used to identify a business entity. Examples: "xx-xxxxxxx", "12-3456789".:*

PART 2: PLASTIC TRASH BAGS

Did your organization sell plastic trash bags into Washington in the previous year (as defined under Chapter 70A.245 RCW and other Ecology guidance?) ☐ Yes ☐ No If no, skip to Part 3. If yes, complete this section.

Product Category Details

In the previous year, did you generate **below** \$1 million United States Dollars (USD) in gross revenue from Plastic Trash Bags into Washington State? ☐ Yes ☐ No

Revenue Comments: (Do not enter any confidential revenue totals or information here)

What was the previous year’s total resin weight sold into Washington in Plastic Trash Bags?
(Specify the region as Washington State or United States. If the United States is selected, Ecology will prorate the quantity for Washington’s population.

If your products aren’t sold nation-wide, and you would like to use a regional calculation, use Washington as the region and explain your calculation in the comment section provided below.)

Region:
☐ Washington State ☐ United States of America

Resin Amount (Pounds):

Resin Comments:

Product Brands

In the table below (and if needed on the next page), list all brand names the covered product is sold under (as seen on the label).

Each brand name should be its own entry. Do not list specific products. If you need to provide more clarity about the listed brand(s), use the comment box.

If the covered product doesn’t have a brand, enter unbranded and enter a comment.

Brand Name	Private Label (Yes / No)	Brand Owner (Yes / No)	Comments
	No	No	
	No	No	
	No	No	
	No	No	
	No	No	

Resin Composition – Plastic Trash Bags

In the table below, enter your resin information for the reporting year. The total of the weights entered must equal the resin weight specified in the product category details.

[illegible]

PART 3: PLASTIC BEVERAGE CONTAINERS

Did your organization sell plastic beverage containers into Washington in the previous year (as defined under Chapter 70A.245 RCW and other Ecology guidance?) ☐ Yes ☐ No If no, skip to Part 4. If yes, complete this section.

Product Category Details

In the previous year, did you generate **below** \$1 million United States Dollars (USD) in gross revenue from Plastic Beverage Containers in Washington State? ☐ Yes ☒ No

Revenue Comments: *(Do not enter any confidential revenue totals or information here)*

What was the previous year's total resin weight sold into Washington in Plastic Beverage Containers?
(Specify the amounts or resin for each type of beverage container. If no resin was used for a specific type, enter 0.00. If the United States is selected, Ecology will prorate the quantity for Washington's population. The total resin amount should include virgin, post-consumer, and post-industrial resin.)

If your products aren't sold nation-wide, and you would like to use a regional calculation, use Washington as the region and explain your calculation in the comment section provided below.)

Region:

☐ Washington State ☐ United States of America
