

Pilot Level Technologies Notice of Intent Form

Treatment Facility Vendor Information

Company: _____

Street address: _____

City: _____ State: _____ Zip code: _____

Phone: _____ Fax: _____

E-mail _____

Company web address _____

Facility name and size: _____

Development level designation sought: _____

Target pollutants: _____

Project Information

Project name: _____

Street address: _____

City: _____

Local agency with jurisdiction: _____

Project type: _____

Desired installation date: _____

Facility discharge receiving water: _____

Describe proposed testing plan (number of storms, parameters, test period, who will do work, etc.)

Local Government Certification and Acceptance

Signature: _____ Date: _____

Name and title _____

Washington Department of Ecology

Pilot Use Level Technologies Notice of Intent Form

Background Information

Local governments with a National Pollutant Discharge Elimination System (NPDES) permit must submit this Notice of Intent Form to Ecology and receive Ecology’s approval before installing a pilot-designated technology (except in retrofit situations). All other jurisdictions are encouraged to notify Ecology when a pilot use level designation (PULD) technology is proposed.

Local governments may allow PULD technologies to be installed *provided that* the proponent agrees to conduct additional field-testing based on the TAPE at *all* installations to obtain a general use level designation (GULD). Field-testing must be completed at a minimum of one site indicative of or in the Pacific Northwest* to obtain a general use level designation.

*Pacific Northwest refers to locations in Washington, Oregon, Northern California, or British Columbia with rainfall distributions typical of a Pacific Northwest maritime climate, where long duration, low intensity storms predominate and stormwater contains mostly silt sized particles.

Technologies granted a pilot use level designation will be limited to five installations at locations where their use is intended during the pilot use level period.

Submit completed forms to:
