

Biosolids General Permit

SSLAP: Temporary Storage Plan

Submittal Date:	Facility Name:	Permit No.:
-----------------	----------------	-------------

“**Store or storage of biosolids or sewage sludge**” is the placing of biosolids or sewage sludge on land or in surface impoundments or other containment devices in which biosolids or sewage sludge remain for 2 years or less, except where a greater time period has been approved by the department. This does not include the placing of biosolids or sewage sludge on land or in surface impoundments or other containment devices for treatment or disposal.

A. Storage Location (Onsite at WWTP, or if not at a WWTP give Address or Lat/Long)

B. Types of Storage	
Storage Method? (Example: Lagoon, surface piles, etc.)	
What capacity? (Cite units – dry tons, gallons, etc.)	

C. Describe how the stored solids are managed. (Example: Begin storing 10 dt/mo. Cake in October, store until April when it is land applied.)
