Background for Application for Registration of Verifier of Offset Project Data Reports

WAC 173-446-540(c) of the Cap-and-Invest Regulation states that in order to register as an accredited offset verification body with Ecology, the verifier must demonstrate active accreditation or recognition as a third-party verifier under CARB's offset verification program, or another offset verification standard approved by Ecology. This form constitutes an application for registration as a verifier of offset data reports with Ecology. Within 90 days of receiving your application for registration, Ecology will notify you that your application is complete, or that your application requires additional specific information to be complete.

Where to Submit Information Contained in This Form

Please complete the information on the form using your computer. Then either add an electronic signature to the form or print, sign, and scan the form. The completed and signed information and all supporting documentation should be submitted to the appropriate Offset Project Registry.
