ADA Accessibility

The Department of Ecology is committed to providing people with disabilities access to information and services by meeting or exceeding the requirements of the Americans with Disabilities Act (ADA), Section 504 and 508 of the Rehabilitation Act, and Washington State Policy #188.

To request an ADA accommodation, contact Ecology by phone at 360-407-6800 or email at melanie.forster@ecy.wa.gov. For Washington Relay Service or TTY call 711 or 877-833-6341. Visit Ecology's website for more information.

Language Services

The Department of Ecology offers free language services about our programs and services for people whose primary language is not English. We can provide information written in your preferred language and qualified interpreters over the telephone.

To request these services, or to learn more about what we can provide, contact Ecology by email at melanie.forster@ecy.wa.gov.

Washington Department of Ecology - Specified Source Registration for Electric Power Entities

Version
Version 1.0
Last updated 5/5/23.

Instructions
Each reporting entity claiming specified facilities or units for imported or exported electricity must register its anticipated specified sources as part of their greenhouse gas report to obtain associated emission factors. Specified sources must be registered at least 60 calendar days before the reporting deadline of 6/1 for the previous emissions year.
All specified sources associated with imported power or exported power, including any zero emission resources, must be registered as well as any new and existing anticipated specified sources for asset-controlling suppliers (ACS).
Ecology will use this information to calculate an emission factor for each specified source. The emission factors will be published on Ecology's website and made available to reporting entities in the EPE Reporting Tool.
TO COMPLETE: Select your reporter information in the [Start Here](#) tab. List all Specified Sources associated with imported power or exported power in the [Specified Sources](#) tab

Reporting Error - Verify Entry
Many cells in this Tool contain data validations and formulas that can restrict submission in WEDGE until corrected in an effort to maintain data integrity and provide instantaneous feedback on reporting errors. Reported data that is required but left incomplete, or inputs that are not recognized will result in a validation error. In addition, corrupt, broken, or non-executable formulas and functions can return a variety of standard Excel error messages. If either of these situations arise the Tool cannot be submitted in WEDGE.

Color code
Light green cells require reporter input
Light blue cells are optional for a reporter to complete
Light gray cells calculate based on reporter input or are non-input

EPE Information:

Entity Name If not listed in dropdown, choose "Other" and add Name to Comments. Contact Ecology at GHGReporting@ecy.wa.gov for a GHGRP ID number.	
WA GHG ID	
Emission Year	2022
Comments (optional)	

Correct before uploading:
Enter a value for all green cells on the "Start Here" tab.
