

## Chemical Use Plan Sand & Gravel General Permit

This form must be submitted to Ecology for review at least **30 business days prior** to the use of a chemical(s) that discharges to waters of the state, use of a chemical(s) on material(s) with potential to discharge to waters of the state, or if there is a significant change in the application of a previously reviewed chemical discharging to waters of the state. If you have any questions, please contact your regional <u>Ecology contact</u><sup>1</sup>. Retain this form in the facility's Site Management Plan.

| Signature (electronic or ink) <sup>3</sup> :   |   | Date Signe         | d:       |                               |  |  |
|  |   |                    |          |                               |  |  |
|  |   |                    |          |                               |  |  |

<sup>&</sup>lt;sup>1</sup>https://ecology.wa.gov/regulations-permits/permits-certifications/sand-gravel-general-permit#contact <sup>2</sup>Cement additives, supplementary materials, and capital BMPs are exempt.

<sup>&</sup>lt;sup>3</sup>This document must be signed in accordance with the Sand & Gravel General Permit General Condition G1.

| SECTION 2. DOCUMENTATION REQUIRED (S3.E.1)  |   |                                |  |  |  |
|---|---|--------------------------------|--|--|--|
| Estimate of Treatment<br>Period   | Begin Date:   | End Date:<br>or Continuous Use |  |  |  |
| Commercial Chemical(s) Name(s) Used On-Site:  |   |                                |  |  |  |
| Commercial Source(s) Contact & Address (if available):  |   |                                |  |  |  |
| Chemical(s) Application Rate(s):  | Note: The permittee must apply chemical(s) per the manufacturer's instructions. |                                |  |  |  |
| Chemical(s) Application Method(s):  |   |                                |  |  |  |
| Discharge Point(s) (where<br>the chemical used may be<br>discharged to waters of the<br>state): |   |                                |  |  |  |

| SECTION 3. MANUFACTURER INSTURCTIONS AND RECEIVING WATERBODY (S3.E.2)   |                              |  |  |  |
|---|------------------------------|--|--|--|
|   |                              |  |  |  |
| I agree to use and apply the above listed chemical(s) in accordance with the manufacturer instructions:   | Agree                        |  |  |  |
| Does any chemically treated water/material have potential to discharge to a surface water or groundwater of the state? Y/N – If yes, indicate surface or ground | Surface Water<br>Groundwater |  |  |  |
| If discharge to surface water of the state, is the chemical(s) toxicity to aquatic organisms known or specified on the SDS?                                     | Yes<br>No                    |  |  |  |

| SECTION 4. CHEMICAL USE PLAN MUST MEET ONE OF THE FOLLOWING (S3.E.3) |  |  |  |  |
|--|--|--|--|--|
| This plan must meet <u>one</u> of the following conditions:          | Consistent with the Stormwater Management Manuals, Consistent with other methods approved per the Chemical Technology Assessment Protocol – Ecology (C-TAPE) program, or Use chemical treatment products/additives at a dosing rate resulting in no violation of Special Condition S2 of the Sand & Gravel General Permit. |  |  |  |

## **Americans with Disabilities Act Statement**

The Department of Ecology is committed to providing people with disabilities access to information and services by meeting or exceeding the requirements of the Americans with Disabilities Act (ADA), Section 504 and 508 of the Rehabilitation Act, and Washington State Policy #188.

To request ADA Accommodation, contact Water Quality Reception at 360-407-6600. For Washington Relay Service or TTY call 711 or 877-833-6341. Visit Ecology's ADA Accessibility web page<sup>2</sup> for more information.

For document translation services, call Water Quality Reception at 360-407-6600.
