

**GET UP TO**

**\$10K**

**WHEN YOU  
SWITCH  
TO SAFER  
PRODUCTS**

**How?** You could receive up to \$10,000 from Ecology to swap out your parts washer or brake cleaner for safer alternatives.

**Why?** Solvent-based degreasers can contain toxic chemicals that are bad for the environment and human health, like toluene, xylene, and naphtha. Many shops are able to use less-hazardous, water-based products to meet most of their degreasing needs.
