Dear Ms. Taylor,

Please find enclosed the revised 2022 Silvicultural Smoke Management Plan which includes underlying laws, rules and authorities, explanatory material, background, and technical analyses for inclusion in the Washington State Implementation Plan for the federal Clean Air Act. Please remove all existing references to the 1998 Smoke Management Plan, along with the 1998 plan itself, and replace them with the enclosed materials.

Thank you for your time and attention to this matter. We appreciate the productive collaboration with Ecology in the process of developing this SIP submittal.

Please do not hesitate to contact me if I can answer any questions, or if I can otherwise be of assistance.

Sincerely,
